

REMOTE TRAX RT-75A

***Maneuvers manufactured homes
around obstacles with precision—by remote control!***

LAYTON
—MANUFACTURING—

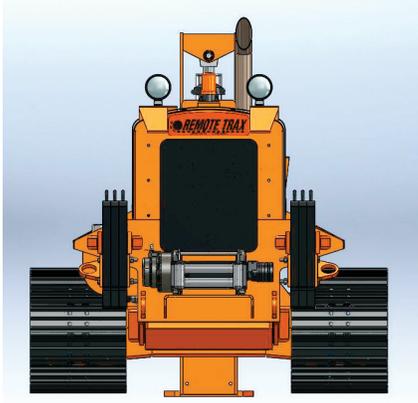

REMOTE TRAX helps you:

- Save time, money and labor
- Maneuver large homes into tight spaces
- Reduce damage to homes and property
- Reduce worker injury
- Reduce wear and tear on tote trucks
- Reduce your equipment needs

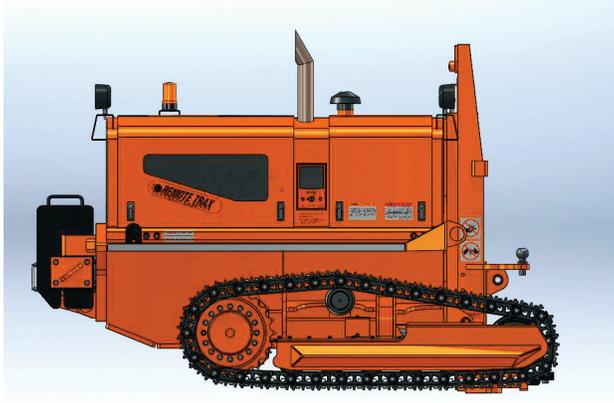

Walk along side or behind (up to 1500 feet!) and control every movement with a precision wireless remote.
